About the project

Green Acres is a 32-acre BDA-approved plotted development in Devanahalli, moments from Kempegowda International Airport and the upcoming aerospace and IT corridors. Clear-title residential plots of 1,200, 1,500 and 2,400 sq ft come with 40-ft and 60-ft black-top roads, underground drainage, water and power connections, and avenue plantation.

30% of the layout is dedicated to parks, a clubhouse and a children's play zone. Every plot is fully RERA-registered with A-khata, making bank finance simple and resale liquid — an ideal long-term land investment as North Bengaluru's infrastructure keeps growing.
